| Phone: _____ | |

Sokol's goal is to provide a **safe** and an enjoyable gymnastics party for all the participants. With this in mind, please read and fully understand what we can and will be offering at the party.

1. The birthday party is for the party child and their invited children as guests. With the exception of the party parents. **Under any circumstance, no adults, friends or grandparents will be allowed on the gym floor due to our insurance regulations.**
2. Any siblings under the age of four (4), must have a parent "shadow" with them at all times.
3. All parties are 2 hours long. 90 minutes will be allotted for the organized play with our party coordinator.
4. We strive to make the birthday child feel special and have a say in the activities we do. If we encounter an uncooperative guest, if after several warnings, we will ask the party parent to remove the child from the area of play. We want to keep the attention on the birthday child.
5. If a child has special needs, please let us know. This is not to single them out, it is to ensure any additional safety measures and help.
6. Please note that all cake, snacks and drinks provided by Sokol Gymnastics or host parents are for the host parents and invited children to enjoy.
7. The birthday party deposit, which equals 50% of the party cost, is non-refundable. The reason for this is we cannot schedule a different party at your schedule time.

Please follow all guidelines set forth and any verbal directives from party coordinator to ensure a safe and fun party for your child.

I agree and accept the guidelines set forth for my child's birthday party at Sokol Gymnastics.
